A woman takes

a step upward when she be-comes a mother. the thing for which she was created. No other work that she can do in the world is so great or so good as the bearing of bright, healthy, useful children. The mothers of

useful children. The mothers of such children make the world better. Nobody in all life and history has ever done anything half so good as this. It is something to which a woman may well devote herself, and may well make every preparation to preform successfully. It is an exploded theory that baby must come with great pain and suffering. A woman who will properly prepare herself for the time of parturition by using Dr. Pierce's Favorite Prescription during the entire period of gestation will find all of the danger and much of the suffering eliminated. She will find also that her baby will be healthy, and that she herself will be strong and well in a remarkably short time. This is the only medicine in the world that will do this thing, and it will do it certainly and infallibly. "The Favorite Prescription" is a positive specific for all forms of female weakness and disease. It is designed to benefit just one set of organs, and that it does do this to a wonderful degree is attested by thousands of letters similar to that of Mrs. L. H. Huff, of Mountairy, Surry Co., N. C., who writes:

"About 18 months ago I began taking Doctor Pierce's Favorite Prescription and was greatly

Mountairy, Surry Co., N. C., who writes:

"About 18 months ago I began taking Doctor Pierce's Favorite Prescription and was greatly benefited by it. I have been for seven or eight years a great sufferer from 'lemale weakness,' gastralgia, etc. I tried the best doctors but obtained no relief. I was taking medicine all the time. Could not be up unless I was under the influence of medicine. Since taking your medicine I have not taken any from any other doctor. Before I began taking your medicine my weight was from 125 to 183. Everybody says they never saw such a change in any one."
